Public Comment: Supervisor reminded everyone that they are welcome to comment throughout our meetings.

Guests: Perry Lake Association

Lee Grzinck, Ron Miller, Sue Leathley and Sally Sulfaro, spent an hour addressing the board with many before and after photos of the water levels that is currently posing a threat to the wildlife on the lake. This is a direct result from the county lowering the levels in the winter, (which is a court order). The group is now asking for support to take it back to court to let the courts know it is no longer needed.

Sheriff Grace: spoke about the need for the Millage request on the August 2nd Ballot and how much it helps them keep and use the funds for its designation.

Discussion: Supervisor Rob Murphy:

- Putt-Putt redo is on schedule and hope to have a grand opening 8/24.
- Sidewalks are coming along and will be going up to the loading dock of the Hardware.
- Transfer site is looking at ways to make recycling less labor intensive and reduce the hauling trips.
- 2nd ARPA payment has been received.
- Audit went well, Clerk and Treasurer work well together and have a good procedure.
- Still looking for a Zoning Board of Appeals member
- Consumers Energy power pole billing has been worth the ask... total revenue to date is \$8000
